

General “tracking”: Graduate Student Information System (GSIS)

- **Centralized electronic data collection environment**
- **First rollout of GSIS was in 2012**
 - **Data from repository back to 1989**
 - **Collect at the individual level**
 - **Reporting at individual level or aggregate at program or school level**
 - **Placement information (first job after PhD) on individual students was collected from both graduate programs and via web searches**
 - **Updated at least once a year, but when possible every semester**

Data Extract
Filter Options

Welcome to the **Data Extract** page. This page allows customized searches against the graduate student data. Complete the form below to filter the data and click Submit to view results. The resulting table will be sortable by column, or you can return to the form to filter your results further.

Cohort Year:	<input type="text" value="Any"/>
Gender:	<input type="text" value="Any"/>

Aggregate Reports

Institutional Reports **7-Year Reviews** 18 Characteristics Reports

These reports cover only the mandated timeframes for programs currently under review. Reports for additional programs and extended timeframes will be added as they are developed.

Reports for Graduate Programs

Academic Year in Review:

School:

Program:

Degree Reports

These reports are based on degrees awarded by the program.

- **Average Time to Degree**
- **Number of Degrees per Year**

Student Reports

These reports are based on students enrolled in the program and their degree sought. In the case of Graduation Rates and Student Retention, the reports refer to the students first enrolled in the given year (the entering cohort).

- **Graduation Rates**
- **Student Diversity**
- **Student Enrollment**
- **Percentage Full-time Students**
- **Average Institutional Financial Support**
- **Percentage Full-time Students w/ Institutional Financial Support**
- **Student Retention**

Faculty Reports

These reports are based on the faculty of the program. For the purposes of these reports, faculty has been defined as the membership of the Graduate Studies Committee of the program for the year reported.

- **Number of Faculty**
- **Faculty Diversity**
- **Student-Faculty Ratio**
- **Faculty External Grants**
- **Faculty Qualifications**
- **Faculty Teaching Load**

Degree Reports

These reports are based on degrees awarded by the program.

- **Average Time to Degree**
- **Number of Degrees per Year**

Student Reports

These reports are based on students enrolled in the program and their degree sought. In the case of Graduation Rates and Student Retention, the reports refer to the students first enrolled in the given year (the entering cohort).

- **Graduation Rates**
- **Student Diversity**
- **Student Enrollment**
- **Percentage Full-time Students**
- **Average Institutional Financial Support**
- **Percentage Full-time Students w/ Institutional Financial Support**
- **Student Retention**

Faculty Reports

These reports are based on the faculty of the program. For the purposes of these reports, faculty has been defined as the membership of the Graduate Studies Committee of the program for the year reported.

- **Number of Faculty**
- **Faculty Diversity**
- **Student-Faculty Ratio**
- **Faculty External Grants**
- **Faculty Qualifications**
- **Faculty Teaching Load**

Placement Listing

Placement Listing

Welcome to the **Placement Listings** page.

This application provides users with a list of graduate students who do not have placement information currently on file. This tool allows users to see these students by department and then update their placement information.

To update the placement information for students within a given department, please select the college and department and click "Go." Within the table, click the "Edit" button to update an individual student's placements.

About these Data

Alumni “Tracking”

- **Sources for alumni contact information**
 - exit survey
 - Registrar’s office
 - Development Office
 - Graduate Coordinators (GCs) of the programs
 - Social media
- **Example: we are participating in a CGS survey project including 10 of our graduate programs**
 - at least one email contact for all but 17 of 596 alumni using information from Registrar, VIP (our development office’s database) and GCs
 - sounds good, but where we have 3 email addresses from the 3 sources very few of the emails agree across all three sources.
 - high correlation between the Registrar and the VIP lists
 - **Most common domains: .utexas.edu (217); gmail.com (163);**
